Tokyo 2020 Paralympic Games- Para Swimming World Championships Slot Allocation

Dear NPC Japan,

Now that the London 2019 World Para Swimming Allianz Championships have now come to a close, we are happy to inform you of the outcome of the first slot allocation method for Para swimming at the Tokyo 2020 Paralympic Games.

According to the Tokyo 2020 Paralympic Games Qualification Guide the 2019 World Championships Allocation is calculated in the follow way:

The top two (2) ranked athletes at the 2019 WPS World Championships in each of the Individual medal events on the Tokyo 2020 Paralympic Programme will each obtain one (1) qualification slot for their respective NPC. In the case that an athlete is ranked first or second in more than one medal event, he/she can only obtain one (1) qualification slot for his/her NPC. In the case that fewer slots are allocated through this method than available in the quota, WPS will allocate the remaining slots via the MQS Slot Allocation Method

The table below outlines the number of slots that World Para Swimming has allocated to NPC Japan through the 2019 World Championships Slot Allocation method:

Gender	Number of Slots Allocated
Male	5
Female	0
Total	5

Please complete and send back the second page of this document to info@worldparaswimming.org **no later than 10 October 2019**. Should you not respond by this date your NPC risks losing these slots.

Should you have any questions please do not hesitate to contact World Para Swimming.

Kind regards,

Tracy Glassford
World Para Swimming Senior Manager
International Paralympic Committee
